

OTHER STATE GOVERNMENTAL BODIES

This section includes miscellaneous boards, commissions, committees, councils, authorities and quasi-governmental bodies and bodies with members from more than one branch of state government. None of these entities are full-fledged state agencies, but they have a degree of independence that keeps them from being classified within any department or agency. All statutory references in this section indicate the location in the Revised Statutes of Nebraska where each governmental body was created, unless otherwise indicated.

Statutory Reference: 32-1037

Canvassing, or certifying, votes for state elected officers and district officials was set into its current legal form by a 1955 act. The act called for the Board of State Canvassers to canvass all votes except those cast for constitutional officers and members of the Nebraska Public Service Commission, which are canvassed by the Legislature. The board is composed of the governor, the secretary of state, the auditor of public accounts, the state treasurer and the attorney general. The act was clarified by the 1957 Legislature and recodified with the passage of the Election Act in 1994.

The Board of State Canvassers canvasses the votes for president; U.S. Senate; U.S. House of Representatives; Nebraska Public Power District board of directors; delegates to national conventions; State Board of Education; Nebraska Legislature; University of Nebraska Board of Regents; community college boards; natural resources district boards; Nebraska Supreme Court and Court of Appeals judges; district, county, workers' compensation and juvenile judges; reclamation district boards; educational service unit boards; constitutional amendments; and any area contests, as required.

The board meets on the fourth Monday after each primary and general election and when the governor calls a meeting.

An 1855 act required the Nebraska territorial secretary and two other territorial officers to canvass the vote on territorial officers. An 1856 act had the territorial auditor, with the governor and a territorial officer present, canvass the vote for U.S. congressional delegates and territorial officers. In 1857, the law was changed to have the governor, chief justice and U.S. attorney of the territory canvass the vote on congressional delegates and territorial officers. An 1864 act authorized the territorial secretary, auditor and governor to canvass the vote on congressional delegates, the territorial auditor and territorial treasurer.

An 1864 act gave military servicemen of Nebraska the right to vote when absent from home. The governor, secretary and auditor were to canvass this vote. An 1866 law added the vote on territorial librarian to the list of those canvassed, and an 1868 act required canvassing the vote on presidential electors. An 1869 act required the president of the state Senate to canvass the vote for Nebraska's member of Congress, governor, secretary of state, auditor and treasurer. Other votes were added in 1873 to include the attorney general, tax commissioner, state superintendent of public instruction, judges of the Supreme Court and district attorneys. An 1877 act required votes on executive officers to be canvassed by the Legislature in joint session, and the vote on other than executive officers to be canvassed by a canvassing board composed of the governor, auditor, treasurer, secretary of state and attorney general. In 1879, an act required the Legislature to canvass the vote for governor, lieutenant governor, members of Congress, secretary of state, auditor, treasurer, superintendent of public instruction, attorney general, commissioner of public lands and buildings, district attorneys and the U.S. Senate. Votes cast for presidential electors, Supreme and district court judges and

Board of Regents of the University of Nebraska would be canvassed by the Board of State Canvassers.

An act of 1917 eliminated all votes except those for president and vice president from the work of the Canvassing Board. The act states that presidential electors are appointed, not elected.

The Legislature created the Dairy Industry Development Board in 1992 as a contingency measure in the event Congress repeals federal legislation governing dairy promotion programs. The state board was granted authority to act when such a federal order went into effect.

Currently, 15 cents per hundredweight of milk is collected by “first purchasers” of commercial milk and forwarded to the U.S. government. Ten cents of that amount is earmarked for Nebraska through the federal program, while the remainder is remitted to the National Dairy Board. The funds are used to promote the use of dairy products. The state Dairy Industry Development Board replaces the federal component of the current program.

Board members must be residents of the state who are at least 21 years old and who have been actively engaged in the production of milk for at least five years. To qualify for membership, a substantial portion of income must be derived from milk production.

Milk producers choose nominees among themselves for board membership. First purchasers of milk select candidates from the nominees whose names are forwarded to the governor. The governor selects one-half of the submitted candidates to serve three-year terms.

The Nebraska Environmental Trust Act of 1992 authorized a portion of proceeds from the state lottery to be placed in a fund “for the purpose of conserving, enhancing and restoring the natural, physical and biological environment of the state.” After voters approved the lottery in November 1992, legislation governing the lottery and distribution of proceeds was re-enacted in 1993 under LB 138.

Forty-four and one-half percent of lottery proceeds are put into the Environmental Trust Fund after prizes and operating expenses are paid for and the first \$500,000 of proceeds are paid to the Compulsive Gamblers’ Assistance Fund.

The 14-member Environmental Trust Board manages the Environmental Trust Fund and carries out the goals of the trust. The board leverages private funds to support short- and long-term environmental goals and provides funding for proposals according to the priorities of habitat, surface and groundwater, recycling and waste management, air quality and soil management.

Until 1996, the commission named one person to the Nebraska Hall of Fame every two years, except when two people were named in the first two years of the Hall of Fame’s existence, and four people were selected in 1976 in honor of the nation’s bicentennial. The Board of Pardons receives and considers applications for pardons, reprieves, commutations of sentence, and remission of fines and forfeitures. After a pardon has been granted, the board can empower the governor to authorize those pardoned to own and transport firearms.

The 1911 Legislature created the state Prison Board and an advisory board of pardons. The board also served as the advisory board of parole. These boards' functions were merged with the Department of Public Welfare in 1919.

A constitutional amendment adopted in 1920 created a Board of Pardons and designated the governor, secretary of state and attorney general as its members. The 1937 Legislature passed a uniform act for the supervision of Nebraska prisoners paroled in other states.

The 1969 Legislature, pursuant to a constitutional amendment passed in 1968, created a separate Board of Parole.⁷ Pardon authority remained with the Board of Pardons.

Statutory Reference: 39-2106

The Board of Public Roads Classifications and Standards oversees annual construction planning and fiscal reporting for state and local highways, roads and streets, as well as the application of minimum design, construction and maintenance standards for functional classifications (categories) of public roadways. The standards ensure that each road can safely handle the traffic pattern and volume it is expected to carry, as part of a policy enacted in 1969 to provide for the efficient management, operation and control of an integrated system of state and local highways, roads and streets.

Nebraska counties and municipalities, as well as the Nebraska Department of Roads, must annually file a one- and six-year plan of highway, road and street improvements with the board. Those jurisdictions also must file a standard annual highway, road and street program fiscal report with the board, including (except for NDOR) certification that they have complied with applicable state standards, matching funds and other operations and reporting requirements. The procedure for such annual reports is the joint responsibility of the board and the auditor of public accounts.

The 11 members are appointed by the Governor, subject to legislative approval, to four year terms. Two members represent NDOR. Three members represent counties, with requirements that one be a licensed highway superintendent, that two be county board members, and that one each be from a small, medium or large (population) county. The three municipal members must be either public works directors or licensed street

superintendents, and one each must be from a small, medium or large municipality. The other three members are lay members representing each congressional district. The Local Projects Section provides administrative support.
